

REVERSIBLE PLATE COMPACTORS

Allcott Hire
All Equipment. All for Hire. All Areas.

VMP SERIES

Options: Extension plates for VMP24 Additional vulcolan paving mats for all machines for compaction of concrete paving stones and similar jobs

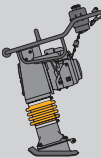

REVERSIBLE PLATE COMPACTORS

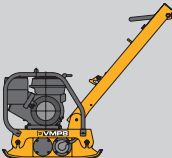

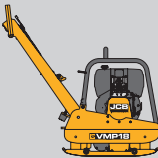

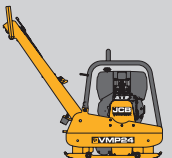

Allcott Hire
All Equipment. All for Hire. All Areas.

DESCRIPTION

This comprehensive range of plate compactors provides a choice of models to suit every type of compaction application. All of the units are hydrostatically operated and designed to effectively compact granular material and cohesive material. With a reversing and stationary feature, these machines allow you to carry out compaction tasks in confined areas where turning would be difficult (or impossible) for a non-reversing unit. All of the VMP models also feature high compaction output and surface performance for the toughest jobs.

		VMR60	VMR75
			
Engine		Honda GX100	Robin EH 12-2
Performance DIN 6271	kW (hp)	2,5 / 3,4	2,6 / 3,5
Operating weight (CECE)	kg / lb	60 / 132	73 / 160
Working width	mm / in	280 / 11	280 / 11
Blows/minute		739	660
Tamping force	kN	14,0	16,0

		VMP14	VMP18	VMP24
				
Engine		Honda GX120	Hatz 1 B20 / Lombardini 15LD 22	Hatz 1 B20 / Lombardini 15LD 225
Performance DIN 6271	kW (hp)	2,9 / 3,9	Hatz - 3,1 / 4,2 Lombardini - 3,1 / 4,2	Hatz - 3,1 / 4,2 Lombardini - 3,1 / 4,2
Operating weight (CECE)	kg / lb	80 / 176	135 / 297	177 / 390
Working width	mm / in	325 / 12,8	425 / 16,7	450 / 17,7
Frequency	Hz	100	80	75
Centrifugal force	kN	16	25	30
Starter		Recoil	Recoil	Recoil

		VMP14
		
Engine		Hatz 1 B20 / Lombardini 15LD 350S
Performance DIN 6271	kW (hp)	Hatz - 4,5 / 6,2 Lombardini - 3,6 / 4,9
Operating weight (CECE)	kg / lb	235 / 517
Working width	mm / in	500 / 20 std, 600 / 23.6 Max
Frequency	Hz	75
Centrifugal force	kN	38
Starter		Recoil
