

# LIGHTING TOWER - 4000W

**Allcott Hire**  
All Equipment. All For Hire. All Areas.

## PR4000 MOBILE LIGHTING TOWER

The PR Power range of mobile lighting towers are designed and manufactured with a high level of precision, quality and with the end user in mind.

The PR4000 produces maximum light visibility and performance for continuous night work, in a wide range of applications including rental, construction, industrial and civil works.

The PR Controller is available as an option, which switches the lights on and off automatically according to light sensitivity, reducing fuel consumption, wear and tear and emissions.

A central control point has also been incorporated for added operator safety and convenience. Adjustable towbar, central lifting point and forklift pockets make the unit easy to transport to site.

We can provide service and technical support for all of our lighting towers Australia wide.

In addition to the PR4000, Allcott Hire can provide a range of different lighting tower options for hire in applications, such as construction, civil works, events and roadworks.

For more information on our range of mobile lighting towers and other equipment contact our office today on **1300 255 268** or visit our website at **[www.allcotthire.com.au](http://www.allcotthire.com.au)**

## KEY FEATURES & BENEFITS

- ③ 4,200m<sup>2</sup> approx. illuminated area for maximum visibility
- ③ 360° mast rotation for maximum light coverage
- ③ PR Auto Controller Optional- automatically switch lights on and off according to light sensitivity. Optional warning beacon.
- ③ Multi-use tower fully equipped with a 9kW Generator
- ③ Manufactured to meet Australian Safety Standards
- ③ Weatherproof, soundproof and lockable enclosure for reduced noise and added security
- ③ Certified wind stability to 110km/h
- ③ Mast Safety - no crush points
- ③ Engine safety shutdown protection
- ③ Fully bunded to contain spills
- ③ 4x manual wind down stabiliser legs for added stability & safety
- ③ Long range 116 litre fuel tank
- ③ Forklift pockets and lifting points for easy manoeuvrability
- ③ Road ready trailer

## TECHNICAL DATA

SPECIFICATIONS			
Light output	4 x 1000w		
Type of light	Metal Halide		
Maximum mast height	9m		
Mast lifting system	Hydraulic		
Mast rotation	360°		
Colour	White		
Auto Start/Stop Lighting System	PR Auto Controller Optional		
Warning Beacon	Optional		
ENGINE			
Engine	Kubota D1105-E		
Fuel tank	116 litres		
Fuel consumption	1.3 L/hr		
Operating hours	89hrs		
Noise rating	62dBA@7m		
TRAILER/CHASSIS			
Trailer	③ Single axle, heavy duty ③ Adjustable towbar ③ Handbrake ③ Break away brake cable ③ Road ready		
Certified wind stability	110km/h		
Stabilisers	4x Wind down stabiliser legs		
Dimensions (Mast fully retracted)	3400 x 1500 x 2330mm		
Dry weight	1115kg		
GENSET SPECIFICATIONS			
kW	Hz	V	rpm
9	50	240	1500
