
❖ Health, Safety, Environmental & Quality Policy

Allcott Hire Group is a market leader in the equipment hire industry operating across a range of market sectors including, construction, infrastructure, maintenance, government, small trades and DIY. We are committed to providing our customers with high quality products that are well maintained, fit for purpose and backed by a level of customer service that will meet and exceed customer expectations.

We all play a role within the workplace when it comes to our commitment to the health and safety of our people, to providing quality products and services, and our environmental performance. Our people are our most important asset, and we are committed to taking all reasonable steps to continually improve our systems and processes to protect the safety and wellbeing of all employees, contractors, customers, and suppliers working or engaging with our business. We will do this in conjunction with our ongoing commitment to providing quality products and services that have a minimal impact on the environment.

We will achieve this by:

- Maintaining an Integrated Management System (IMS) that meets the requirements of international standards and working with our staff to embed these practices throughout our business.
- Consulting with all employees to identify, monitor, and manage risk and eliminate hazards, where possible.
- Delivering a positive customer experience with the goal of being the easiest rental company in Australia to partner with.
- Meeting the requirements of all statutory and legislative requirements and industry standards.
- Consulting with employees and key stakeholders to set HSEQ objectives and targets that will be monitored and measured to ensure continual improvement.
- Playing our part in the circular economy, working with our customers and suppliers to create sustainability through sourcing eco-friendly plant and equipment that is built to last, well maintained and refurbished to increase its lifespan and then recycled where possible.
- Making our commitment to HSEQ visible to all interested parties.

This policy together with our measurable objectives and targets will be reviewed on an annual basis to ensure that it remains relevant and suitable to the operations of Allcott Hire.
